

## **Stalkers Mask{SM-B37}**

*This mask is crafted from leathery preserved sections harvested from several different human faces, draped one over another almost like scales and leaving the eyes and mouth exposed - the overall effect is similar to that of a scaled skull.*

- When worn, the mask desaturates the wearer's color, making him appear insubstantial and shadowy and granting a +5 competence bonus on Stealth checks.
- **1/day:** The wearer may cause the mask's features to slither and take on the appearance of any creature within 60 feet that he observes, allowing the wearer to use a disguise self spell to take that person's appearance. As long as he wears this guise, the wearer gains a +2 bonus on attack rolls and weapon damage rolls made against the person he is disguised as, as the mask builds upon the wearer's rage and jealousy of the target's appearance.
