Improved Grab(Ex): Anytime a tendriculos hits an opponent

(either a bit or tentacles) they start a grapple and attempt to always transfer their opponent to their mouth where it can be swallowed.

Swallow Whole (Ex): A tendriculos can try to swallow a grabbed opponent by making a successful grapple check. Once inside the plant's mass, the opponent must succeed on a Fortitude save or be paralyzed for up to 18 seconds by the tendriculos's digestive juices that also begin to dissolve the opponent swallowed.
